PROFILE

My name is Raheed Kashif and I'm currently doing my BS in AI from FAST NUCES Islamabad. I'm an enthusiastic person full with energy and passion and looking forward to bring that energy and passion up board. I have high command over may well known industrial programming languages like Python, C++, C#, C, full stack development (HTML,CSS ,Javascript, Node JS). The other thing about me is that I'm passionate and I'm really excited to learn some other programming languages.

WORK EXPERIENCE

- FAIS and Black Box Mavericks Lead PR and marketing** 2024-PRESENT
 - Worked efficiently in reaching out different companies and marketed them as much as i could which lead to massive turnouts in events
